Dear Mr McLaughlin,

Enclosed is a cheque for £1,620.00 as payment of the above invoice for the replacement of the cattery water supply pipe.

As I mentioned on the phone, there is water around the stop cock. I am assuming this is drainage water, but if it doesn't go away next spring then I would assume there is a leak. If this is the case, I will contact you again at that time.

Thank you for doing this work. Please also pass on my thanks to your staff, whose hard work was well appreciated.

Yours sincerely,

Jim Fraser
